

# *97 Things About Ethics Everyone In Data Science Should Know*

---

## List of Contributors

Aaron Burciaga, Global Operations Director, Analytics & Artificial Intelligence, HCL Technologies

Andreas Messalas, Data Scientist, Code4Thought

Anna Jacobson, Candidate for Masters in Data Science, UC Berkeley

Arnobio Morelix, Chief Innovation Officer, Startup Genome and Data Scientist-in-Residence, Inc. Magazine

Bill Schmarzo, Chief Innovation Officer, Hitachi Vantara

Bonnie K. Holub, PhD, Practice Lead, Data Science, Americas, Teradata

Brendan Tierney, Principal Consultant, Oralytics

Brent Dykes, Author and Senior Director, Insights & Data Storytelling, Blast Analytics

Brian O'Neill, Founder and Principal, Designing for Analytics

Carole Piovesan, Partner and Co-Founder, INQ Data Law

Cassie Kozyrkov, Chief Decision Scientist, Google Cloud

Christof Wolf-Brenner, Consultant, Know-Center GmbH

Collin Cunningham, Data Scientist, Amazon Web Services

Damian Gordon, University Lecturer, Technological University of Dublin

Dave Cherry, Executive Strategy Advisor, Cherry Advisory LLC

Dave Mathias, Co-founder, Beyond the Data

Douglas Hague, Executive Director, School of Data Science at UNC - Charlotte

Edward Vandenberg, Business Consultant, Teradata

Eric Schmidt, Global Director, Data & Analytics, Coca-Cola

Eric Siegel, Founder, Predictive Analytics World

Evan Stubbs, Partner and Associate Director, Boston Consulting Group

Fred Nugen, Data Science Instructor, UC Berkeley

Grant Fleming, Data Scientist, Elder Research, Inc.

Hannah Kitcher, Communications Manager, Ada Lovelace Institute

Hassan Masum, Senior Director, Analytics, Prodigy Education

Heidi Livingston Eisips, Adjunct Faculty, San Jose State University

Hugh Watson, Professor of MIS, Terry College of Business, University of Georgia

Irina Raicu, Director, Internet Ethics Program, Markkula Center for Applied Ethics

James Taylor, CEO, Decision Management Solutions

Janella Thomas, Data Scientist, Cox Enterprises, Inc.

Jennifer Lewis Priestley, Associate Dean and Director of the Analytics and Data Science Institute, Kennesaw State University

Jesse Anderson, Managing Director, Big Data Institute

Jitendra Mudhol, Founder and CEO, CollaMeta

John Carter, Former SVP, Data & Insights, Charles Schwab

John Power, Professor, Mercy College School of Business

John Thuma, Vice President, FIS Data Solutions Group

Justin Cochran, Associate Professor of Information Systems, Kennesaw State University

Kenneth Viciano, Director, Information Risk Management, Fiserv

Keri McConnell, Executive Director, Northwestern Mutual Data Science Institute, Northwestern Mutual

Keyur Desai, Chief Data Officer, TD Ameritrade

Kris Hunt, Partner and Co-Founder, Hard Right Solutions

Laura James, Associate, Doteveryone

Leandre Adifon, VP Engineering & Technology, Ingersoll Rand

Linda Burtch, Managing Director, Burtch Works

Majken Sander, Chief Analytics Officer

Marc Faddoul, Research Associate, School of Information, UC Berkeley

Mario Vela, Principal Data Scientist, US Cellular Corp

Martin Ellingsworth, Senior Analyst, Celent

Michael Hind, Distinguished Research Staff Member, IBM Research AI

Mike McGuirk, Faculty member, Babson College

Miroslava Walekova, Senior Manager, Transformation Platform ltd

Naomi Arcadia Kaduwela, Head of Kavi Labs, Kavi Global

Nenad Jukic, Professor of Information Systems, Loyola University Chicago

Nick Hamlin, Data Scientist, GlobalGiving

Pamela Passman, Vice Chair, Ethisphere; CEO, Center for Responsible Enterprise And Trade (CREATE.org)

Peter Bruce, Founder, Institute for Statistics Education at Statistics.com, an Elder Research company

Phil Bangayan, Principal Data Scientist, Teradata

Phil Broadbent, Senior Manager, GCX Analytics, eBay

Polly Mitchell-Guthrie, VP, Industry Outreach and Thought Leadership, Kinaxis

Rachel Thomas, Co-founder, fast.ai and Director, University of San Francisco Center for Applied Data Ethics

Rado Kotorov, CEO, Trendalyze, Inc.

Randy Guse, Director, Optum Enterprise Analytics, United Health Group

Rasmus Wegener, Partner, Bain & Company, Inc.

Richard Hackathorn, Industry Analyst, Bolder Technology

Robert J. Abate, VP & CDO, Global IDs, Inc.

Robert McGrath, Chair, Department of Health Management and Policy, University of New Hampshire

Robert Gladden, VP, Enterprise Analytics, Highmark Health

Ron Bodkin, Office of the CTO, Google Cloud

Scott Radcliffe, Managing Director, MS in Business Analytics Program, Emory University

Sébastien Paquet, Applied Research Scientist, Element AI

Sherrill Hayes, Director, PhD in Analytics and Data Science, Kennesaw State University

Stephanie J. Seward, Associate, Booz Allen Hamilton

Steven C. Myers, Associate Professor of Economics, University of Akron

Steven Mintz, Professor Emeritus, Cal Poly San Luis Obispo

Steven Stone, Founder, NSU Technologies & Former CIO, Lowe's and Limited Brands

Stuart Buck, Vice President of Research, Arnold Ventures

Thomas Casey, Executive Director, Teradata

Tim Wilson, Senior Director of Analytics, Search Discovery

Yiannis Kanellopoulos, Founder, Code4Thought
